

Life Blues (12 Bar Style)

(Moderater Shuffle, 12-Takt-Schema)

[Verse 1]

I was born one mornin', didn't know my name,
Yeah I was born one mornin', didn't know my name,
Since then I've been rollin', through joy and pain.

[Verse 2]

Played in the schoolyard, ran through the rain,
Learned some hard lessons, felt some sweet gain,
Youth hit like thunder, wild and untamed.

[Verse 3]

Worked my hands tired, loved with my soul,
Built me a family, made my life whole,
Time kept on movin', couldn't stop that roll.

[Verse 4]

Faced a few doctors, faced a few fears,
Watched my reflection, changin' through the years,
Still found some sunshine, through all the tears.

[Verse 5]

Now I'm sittin' easy, with stories to tell,
Runnin' out of minutes, but I'm feelin' well,
When the train comes callin' — I'll smile and yell:

[Verse 6 – Outro]

I done lived my life, through thick and thin,
Yeah I done lived my life, let the next begin,
Don't need no riches — just peace within.
